Which training(s) are you specifically interested in?

- Heat Pumps
- Solar
- Building Science (BPI certification)
- HERS Rater
- All Available

Are you interested in an apprenticeship after completion of the program?

YES  NO

By submitting this application, you are applying to the Energy Workforce Development Program, a partnership between the Telluride Foundation, EcoAction Partners and San Miguel Power Association.

You must apply for the program and be approved BEFORE you begin the workforce development training(s) you wish to be compensated for. You must prove completion of training(s) before receiving compensation for your training time.

Note that completing the training PRIOR to applying for and being accepted into the Energy Workforce Development Program will DISQUALIFY you from receiving compensation for your time.

Please contact Kendra Held via email at [Kendra@ecoactionpartners.org](mailto:Kendra@ecoactionpartners.org) with any questions.
